

The XGO-27 is a mid-size over-cab campervan that sleeps up to 6 persons but is also ideal for 4 grown up persons due to the long bunk beds. This campervan has spacious storage under the bunk beds to be reached from both sides.

The camper has a large inner space and the kitchen counter is very wide.

Our motorhomes come with complete equipment like cutlery, outdoor chairs and table etcetera. We offer free transfers Heraklion-Gouves and give an intensive instruction and information about Crete on arrival. And of course, we have our cell phone lines open 24 hours per day!
