

Auto-Roller 7, C-class

The Roller-7 is a real family over-cab campervan that sleeps up to 6 persons. Due to the 2 person's dinette that converts into a couch, ideal for 5 persons and having the 4 person's dinette unchanged. But for 6 persons this campervan has limited storage, don't you bring your whole wardrobe!

Our motorhomes come with complete equipment like cutlery, outdoor chairs and table etcetera. We offer free transfers Heraklion-Gouves and give an intensive instruction and information about Crete on arrival. And of course, we have our cell phone lines open 24 hours per day!
